

Modular Stainless

Case Study

Waikato Stadium

#1

#2

Installation Type: Large volume food servery

Location: Waikato Stadium, Hamilton

Picture #1

In larger applications such as this kitchen in Waikato Stadium, Modular Stainless benches are joined together to form a continuous line.

Here a Modular Stainless sink bench separates two **MS-WU-2400**'s. The wet edge on the sink bench prevents water from spilling off or running down the bench. The Modular Stainless overshelves also work in a continuous line.

Picture #2

A corner bench **MS-CB-1200**, sink bench **MS-SB-2400**, work benches with upstands **MS-WU-2400**, and overshelves **MS-OS-2400** combine to form a very large food production area.
